

Vagdia and Holmes

Chartered Architects

Practice Background

Vagdia and Holmes Architects incorporates Kenneth Holmes Associates, which was formed on 1st October 1980, by Mr Kenneth Holmes. Our Practice has a history of working and serving Churches, community groups, public and private sector clients, for over forty years.

We work hard to offer a professional architectural service, by listening and responding to the needs of our Clients, offering them project commitment and task enthusiasm. By virtue of our reputation, we have worked for Clients across the region, but we have also covered projects across the country.

Our team consists of two working Directors, closely supported by five Architectural Assistants, and a Practice Secretary. Our Practice is commissioned to work on a general cross section of projects, but by virtue of our reputation, we have a strong skill-set in ecclesiastical, community and volunteer-group based projects.

Our Client profile includes commissions from Church Councils, Charitable Trusts, private and residential clients, and a number of local contractors undertaking speculative development projects. Projects range from a few hundred pounds, up to £16m.

Vagdia and Holmes is registered with ConstructionLine, is an active member of FORCE, the Forum for Constructing Excellence in Coventry and Warwickshire, and an active member of the Coventry and Warwickshire Chamber of Commerce.

The Practice is also registered to work on ecclesiastical and listed buildings with the Coventry and Leicester Diocese Office, and has undertaken a number of commissions with English Heritage.

We employ a local labour force, and are recognised as a training partner by a number of Universities and Colleges.
